Subject: Re: Fire & Emergency Services Committee

CAUTION: This email originated from an external sender.

Good afternoon!

I am located in Cherry Hill, and have lived here off and on since 1997. I am raising my children here, and my mother and other relatives live nearby.

My family has had to use ambulance services more than once over the past few years, and it has always been the local fire dept that can respond quickly to medical calls. We deeply appreciate their skills and their service to the communities.

I am aware that the small local fire departments are looking for members, as the age demographic has changed in our rural areas. Social gatherings changed with Covid. The departments face these issues and I sure many more.

When I became aware of the committee I immediately thought "how interesting!"

Over the past 15 years I have served on two Boards for the province, and understand some of the interplay between bylaws and regulations, community needs, and other factors.

I would enjoy the opportunity to contribute to the sustainability of fire and emergency services in our local communities.

Please let me know if you have more questions. I would be happy to meet and chat.

Best wishes,

Brooke
