Subject: RE: Police Advisory

Hi Alex,

Here is the information to be passed along to Police Advisory. Please keep me in the loop with any follow up.

I have a problem with cars, trucks and OFATVs stunting in a turning area next to my home. This has been happening for years and I've made several complaints over this time to the RCMP but they have been unsuccessful. I'm requesting concrete barricades be placed in the turning area to thwart the stunting but I'm not sure if this is a Provincial or Municipal matter. Can anyone help me make this happen or come up with a different solution? I fear rocks and ice being thrown at my house and car from the spinning tires.

Regards

Awalt Road Spectacle Lakes

RE: Police Advisory

Hi Alex,

Residents on the Awalt Road (near Spectacle Lakes) have expressed concerns to me about four wheelers using the end of the road for burn outs, tire damage etc. They are not sure what avenue to go to voice concerns so I said I would mention it to someone on Police Advisory to see if they could help.
